

POLE Slim adapter plate

For installing a second Wallbox eM4 Twin

The POLE Slim adapter plate is used to retrofit a second wallbox to a POLE Slim mounting pole for a Wallbox eM4 Twin. The adapter plate is made of sturdy sheet metal and colour-coordinated with the mounting pole and the Wallbox eM4 Twin. The adapter plate is screwed precisely to the body and the included identical adapter plate of the POLE Slim mounting pole using the installation kit supplied and then serves as a sturdy support for the second wallbox.
