

LED BUILT-IN SPOT CANTELLO

Art. no. 50258917 | 50259317

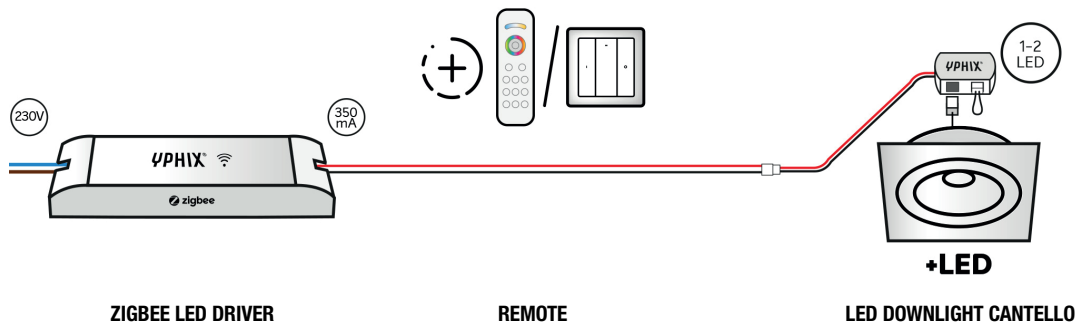

DIMMABLE WITH ZIGBEE

Every LED built-in spot will be delivered including a connector box (2m wires included). Please note that a separate driver is needed to install the built-in spot Cantello.

Combined with the Zigbee driver, you can control this LED built-in spot “Smart”. You can place 1-2 spots on a driver. This Zigbee driver can be connected with your Hub (control via smartphone), but it is also possible to only use a Zigbee wall remote. Using multiple wall remote with one driver is also an option. The wall remote can be connected with your hub, so you can control your built-in spot(s) in multiple ways.
